
**DISCOVER FP7 CALLS FOR 2010 WITH
"IE MIND MAPS"!**

Finding the appropriate theme for your project idea through all the FP7 calls for proposals is not so easy!

Aware of the difficulty and eager to help you, Interface Europe developed a new tool ("ie Mind Maps") mapping all FP7 calls for proposals and directly accessible via our [website](#).

We hope that these "ie Mind Maps" will be very useful and wish you good luck with your projects!

Feel free to send us all your comments and suggestions to improve together this tool.
