Statement CLEPA CEO Jean-Marc Gales on EP ENVI CO2 Vans Vote

"CLEPA welcomes the today vote of the EP ENVI Committee on the revision of the 2020 targets for reducing CO2 emissions from vans.

We believe that the 147 g/km target is achievable with existing technologies. The retention of super credits for low emission vehicles and eco-innovation will also boost the development of breakthrough technologies." said Mr Jean Marc Gales, CLEPA CEO.
